

## MyLocationsApp – Exercise 2

Name: Mannat Mannat

Section : 01

Email: [mmannat@horizon.csueastbay.edu](mailto:mmannat@horizon.csueastbay.edu)

GitHub repo: <https://github.com/mmennat/mmennat.github.io>

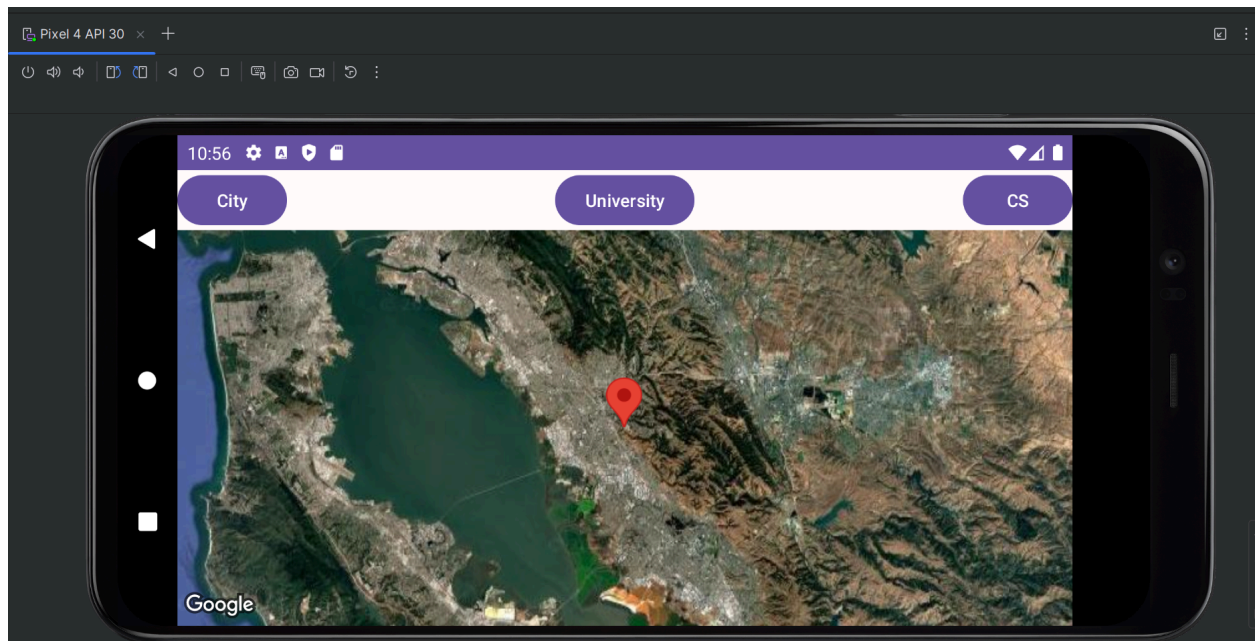

Path: CS453-Summer-2025-MobileProgramming/exercise2

### Overview

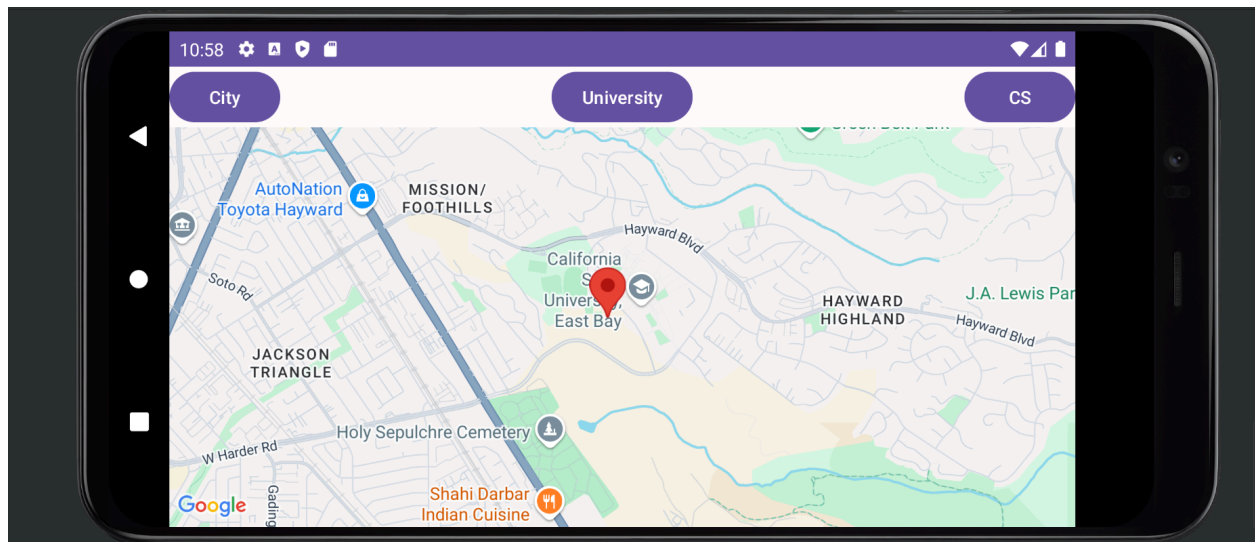

This Android app displays a map using the Google Maps API and allows users to zoom to three predefined locations by clicking one of three buttons: CS, University, and City.

### Screenshots

#### City: Hayward

University: CSUEB

Cs: computer science department
